ELECTRONIC REPORTING OPTION NOW
AVAILABLE AND ENCOURAGED

Dear Owner/Operator and/or Environmental Contact:

The Mojave Desert Air Quality Management District is now accepting electronic submissions of reports, notifications, protocols, test results, etc. This includes specific documents such as CEMS data reports, Title V Reports (i.e. Annual Certifications, Semi-Annual, and Deviation Reports), NESHAP/MACT Reports, startup notifications, PERP notifications, source test protocols and source test results.

The District respectfully encourages you to submit these documents via email to the following address:

reporting@mdaqmd.ca.gov

The District deems electronic submissions sufficient, and does not require a duplicate hard copy submission; however, please note that if there is a written requirement for a wet signature, an image of that wet signature must be included with the attachment. A confirmation receipt will be given for all electronic submissions. The District accepts email attachments up to 20 MB in size.

Please note, the examples exclude breakdowns notifications associated with District Rules 218 and 430 as these types of documents already have a designated electronic reporting option¹.

If you have any questions regarding this letter, please, do not hesitate to contact Sheri Haggard, Supervising Air Quality Engineer at (760) 245-1661, extension 1864, or shaggard@mdaqmd.ca.gov.

¹ Rule 218(d) CEMS Emissions Exceedances, Rule 218(f) CEMS Offline >1 hour notifications, and Rule 430 Breakdowns should be sent to breakdowns@mdaqmd.ca.gov
