

MOJAVE DESERT AQMD APPLICABLE SIP
(San Bernardino County & Palo Verde Valley, Riverside County
within the Mojave Desert Air Basin)

Disclaimer:

This table is designed to provide information on rules contained in the Applicable State Implementation Plan (SIP) for various areas within the Mojave Desert AQMD. There may be other rules or items not included herein which may be considered by USEPA to be part of the MDAQMD SIP. Facilities are encouraged to do independent research to verify any questionable information. Reliance on this document will not be a defense in any enforcement action by the MDAQMD or any other agency.

Notation Regarding Use of this Table:

This table is organized in numerical order by Rule number. Adopting Agency is indicated as the original agency which adopted and/or submitted the rule. (Current Version) is the date of there version contained in the MDAQMD rule book contained in (parenthesis). Effective Area indicates whether the SIP rule is effective within San Bernardino County only (SBC), Riverside County (RC), or both (MD). Citations attempt to provide citations for all final actions taken by USEPA for a particular rule. Underlined text indicates currently unverified information. The abbreviations listed below are utilized throughout.

Rule Adopting Agencies:

MD = Mojave Desert AQMD
Old SB = San Bernardino County APCD before 1975
RC = Riverside County ACPD
SC = South Coast ACPD
SO = Southern California APCD

Current Rule Information:

MD#, Date = Rule # in the MD Rule Book as adopted/amended on date indicated
Rescinded & replaced = No current rule in MD Rule Book. Rule replaced by indicated action on indicated date.
Via Res. 94-03 = Current version in the MD Rule Book is applicable to the Blythe/Palo Verde Valley area of Riverside County via annexation of that area effective 07/01/1994.

Effective Area:

MD = SIP Rule effective within entire jurisdiction of MDAQMD.
MDAP = SIP Rule Effective within Mojave Desert PM10 Planning Area within the MDAQMD.

RC = SIP Rule effective within Blythe/Palo Verde Valley Region of Riverside County.

SBC = SIP Rule effective within the San Bernardino County Portion of the MDAQMD.

SVPA = SIP Rule effective within the Searles Valley PM10 Planning Area.

SIP Fix Type

1 = SIP Pending per Region IX, USEPA Database
2 = Elements of other Federal Programs (Title V, Toxics, NSPS Delegations, etc.)

3 = Prohibitory Rules needing SIP update to match rulebook rule.
4 = Prohibitory Rules needing partial SIP update to match rulebook rule.

5 = Old Superseded rules; Inappropriate SIP Rules

6 = Research required on rule status

7 = Current rulebook rule is in SIP

8 = Non SIP Rules

9 = SIP fix in progress or needed

Version In SIP:

Bef = Before (Assumes that the last amendment before the date listed is the version submitted by CARB.

AFT = After

G-73 = Rule book adopted by CARB Ex. Order G-73 (of 2/1/77)

SIP Carb = To CARB as SIP Submission

SIP Sub = Submitted as a SIP revision but no action yet

Com = EPA completeness Determination

Pr LA/LD = Proposed Limited Approval/Disapproval

Prop = Proposed Approval

Pr Del = Proposed for deletion from SIP by USEPA

Current = Rule book version as of last adoption/amendment date is in the SIP

USEPA Actions:

Add = USEPA added additional provisions to this item.

App = USEPA Approved.

CA = USEPA Conditionally Approved.

D = USEPA Disapproved.

DD = Deletion Disapproved

Del = USEPA allowed deletion without replacement.

IA = Interim Approval

ImpS = Impliedly Superseded by subsequent EPA Action

LA/LD = USEPA approved with a Limited Approval/Disapproval of the item.

ND = Notice of Deficiency, USEPA indicated that the item was deficient in whole or in part.

NPRM = Notice of Proposed Rule Making

PD = USEPA partially disapproved this item

PW = USEPA partially withdrew the approval of the item

R = USEPA retained this item due to another Disapproval.

RNM = SIP Requirements not met

SCApp = Approval only applicable to SCAQMD

SCLa/Ld = Limited Approval/Disapproval only applicable to SCAQMD

SCNPRM = Notice of proposed rule making only applicable to SCAQMD

U = Unknown action, presumed approved.

Wit = USEPA withdrew approval of item

**A SHORT HISTORY OF THE SOUTH COAST AND MOJAVE DESERT (FORMERLY SOUTHEAST DESERT) AIR BASINS RELATIVE TO THE
SIP
(Specific to the MDAQMD)**

In the late 1950's Southern California was covered by several countywide air districts. These were Los Angeles County APCD, Orange County APCD, Riverside County APCD, and San Bernardino County APCD. Some or all of these countywide entities made SIP submissions. The first sets of these submissions are included in the general submission of "existing rules" on 02/21/72. The rules from this time period generally have two digits.

In 1975 (7/16/75) the Boards of Supervisors of Los Angeles, Orange, Riverside and San Bernardino Counties entered into a Joint Powers Agreement (San Bernardino County Agreement 75-449) which created the Southern California APCD. By the terms of the agreement the Southern California APCD acquired each county's rule book as the rules for that constituent county until they were changed. Over the next two years the Southern California APCD rescinded many of the old two digit rules and replaced them with three digit rules which applied in all areas. Many of these three digit rules were submitted as SIP submissions.

In 1976 the California legislature passed legislation which created the South Coast AQMD (Cal. Stats 1976, CH 324, pg. 815). This legislation was effective, by its terms, on Feb. 1, 1977. The legislation only covered the area included within the South Coast Air Basin (SCAB). Outlying areas were not considered. The legislation also provided that the South Coast APCD was to take over the function and responsibilities of the Southern California APCD.

On Feb. 1, 1977 the California Air Resources Board (CARB) issued Executive Order G-73 which adopted a rule book for the outlying areas of the Southern California APCD which were not included within the new South Coast APCD. This rulebook was submitted as a SIP submission on June 6, 1977.

By its terms, Executive Order G-73 was only effective until other action was taken by the non-South Coast Air Basin areas. Such action occurred on Feb. 22, 1977 when the Joint Powers Authority was dissolved (San Bernardino County Agreement 77-102). By the terms of the termination agreement each area retained the Southern California APCD rule book in effect on that date as its own rule book.

Meanwhile, the California legislature enacted legislation that allowed non-South Coast Air Basin areas in Los Angeles, Riverside and San Bernardino Counties to "opt in" to the South Coast APCD (Cal. Stats. 1977 Ch. 1195, pg 4005). This legislation was effective in 1978 and Los Angeles and Riverside Counties opted in while San Bernardino County did not. However, the actual air pollution control work in San Bernardino County was done by South Coast AQMD via contract. Thus, the rules and SIP submissions for San Bernardino County between 1977 and 1980 were often prepared by South Coast AQMD staff.

In or about 1980 San Bernardino County APCD became a County division and began doing its own rule and plan development. By 1990 it had become a full fledged county department that was fully self sufficient. In July of 1993, pursuant to legislative action, the San Bernardino County APCD became the Mojave Desert AQMD. In July of 1994, the Mojave Desert AQMD acquired the Palo Verde Valley/Blythe portion of Riverside County as part of its jurisdiction.

For Federal planning purposes a portion of the jurisdiction of the MDAQMD is located within the Southeast Desert Modified Air Quality Maintenance Area (Southeast Desert AQMA). Until recently the Southeast Desert AQMA covered the portions of the Southeast Desert Air Basin which were within the Los Angeles Metropolitan Statistical Area. In 1996 pursuant to the provisions of Health & Safety Code '39606.1 CARB divided the Southeast Desert Air Basin (SEDAB) into two new air basins the Mojave Desert Air Basin (MDAB, 17 Cal. Code Reg. '60109) and the Salton Sea Air Basin (SSAB, 17 Cal. Code Reg. '60114). Thus the Southeast Desert AQMA now covers portions of two air basins, the MDAB and SSAB. For state planning purposes the MDAQMD is now located wholly within the MDAB.

The following agencies submitted SIP submissions for the indicated areas:

Dates of Submission or Rule Adoption	Agency	For SEDAB Area
Before 1975	Los Angeles County APCD	Los Angeles County SEDAB.
Before 1975	Riverside County APCD	Riverside County SEDAB.
Before 1975	San Bernardino County APCD	San Bernardino County SEDAB.
June 1975 - Feb. 1977	Southern California APCD	Los Angeles, Riverside and San Bernardino County SEDAB.
June 6, 1977	CARB (Ex. Ord. G-73)	Los Angeles, Riverside and San Bernardino County APCD's.
Feb. 1977 - Jul. 1994	South Coast AQMD	Los Angeles and Riverside County SEDAB.
Feb. 1977 - Jul. 1993	San Bernardino County APCD	San Bernardino County SEDAB.
Jul. 1993 - Jul. 1994	Mojave Desert AQMD	San Bernardino County SEDAB.
After Jul. 1994	South Coast AQMD	Los Angeles County SEDAB and <u>Portions</u> of Riverside County SEDAB.
After Jul. 1994	Mojave Desert AQMD	San Bernardino County SEDAB and Blythe/Palo Verde Valley portions of Riverside County SEDAB.

Information Regarding Contents of Columns

(adoption/amendment); CARB (submittal) or USEPA requires a separate line. Thus, a single rule or item will often have multiple lines some of which will have a single action associated with it. As we have engaged in SIP cleanup activities, actions for a single, same name and number rules for both Riverside and SB have been consolidated. This is why all lines have been sifted to have complete rule adopting agency, name, number and effective area

= Sequential line numbers. Put in and updated by highlighting the column and using Home/Fill/Series with a step value of 1. Used to revert the table to its original order if a Data/Sort function is used.

the SIP list as attached Title V Permit. Items are labeled Y if they are the last item approved into the SIP or are a SIP submittal (aka SIP Pending). Some rules will have both an approved version and a SIP Pending version. Occasionally there will be a Questionable item which is included with a Y notation as a precaution.

Agency = Adopting agency. This is the agency/entity that adopted the indicated version.

Rule Book Version = The current version in the rule book. Usually indicated on the same line as it was submitted

SIP Version = The last official EPA action. Also placed on the line that the last version was approved (usually has a

Submit Date = Date CARB submitted to EPA. Sometimes this date is unknown.

USEPA Action = See the action list on page 2

CFR = The official Code of Federal Regulations citation for USEPA action. This will become obsolete once USEPA switches the SIP revisions to a table format as opposed to sequential actions.

FR Date = Date of Federal Register action.

FR Cite = Federal Register citation.

SIP Fix Type = Indicates for each rule (not each action) if there is an issue remaining to be resolved. See the list

Notes = usually used to indicate something necessary to know about a particular action. Also used to put the citation for a NPRM (as opposed to a final approval).
