

MDAQMD begins the 10-day waiting period when a complete notification package is received which includes: completed Notification of Demolition / Renovation, asbestos survey and proof of payment.

For a demolition, the start date is the date that the removal or related activity begins. The date the demolition starts also must be reported. The waiting period should be calculated based on the start date of the removal or demolition, if no removal is required. The waiting period is necessary to give inspectors time to visit the site before activity begins.

Additionally, the Asbestos NESHAP regulation specifies “working days.” Holidays that fall between Monday and Friday count as “working days.”
